

Member of the Mid-Atlantic Chapter Solid Axle Corvette Club

The Solid Axle Club (SACC) is a national organization devoted to the first generation Corvettes - those manufactured 1953-1962. The Mid-Atlantic Chapter of SACC serves SACC members located in Connecticut, Delaware, District of Columbia, Maryland, Massachusetts, New Jersey, New York, Pennsylvania, Virginia and West Virginia, and hosts events throughout the region. These events allow members to get together to share technical information, their enthusiasm for the hobby, and to engage in club rides.

SACC Membership information can be found at www.solidaxle.org and Mid-Atlantic Chapter membership information is located at www.masacc.org.
